The **OHRID Institute for Economic Strategies and International Affairs** has the honour to invite you to the presentation of the results of the Leadership Monitoring Project, a project implemented by the OHRID Institute and financially supported by the Balkan Trust for Democracy.

The OHRID Institute will present the 5<sup>th</sup> and last report of the performance monitoring of the Government, which covers the two-month period December 2007 – January 2008, as continuation of the previous four reports.

The **Leadership Monitoring Project** included ongoing monitoring of the day-to-day work of the Government, benchmarking it against its campaign promises and reporting the findings to the citizens. The Reports aim to provide the general public with an overall picture about the planned, realized and non-realized reforms of the Government, through monitoring based on performances, using constructive and comparison analyses in 11 areas of the public life: **fiscal and monetary policy, trade and industrial policy, financial and pension system, knowledge economy, education, agriculture, foreign affairs, internal affairs, health, transport and communications, and sport.**

With the last Report we will mark the closure of the project which displays a summary of the analysis about the work of the Government, monitored and analyzed by the experts of the OHRID Institute in the period from September 2007 – January 2008.

**The presentation will be held at the "Holiday Inn" Hotel, Hall Millennium 1, on Friday 21<sup>st</sup> of March, beginning at 11:30 hours.**
